

# Bowie Seniors Computer Club

Meeting Minutes for April 20, 2017

President Carl Bulger opened the meeting at 12:30 pm.

Bob Blum gave a presentation on the use Macrium Reflect software for backing up one's computer's computer hard drive. The presentation included the use of a slide show presentation. The slideshow is available online on the club's website. The URL is:

<http://www.bowieseniorcenter.org/BowieSeniorsComputerClub/Tutorials/MacriumBootMenu.pdf> .

Bob noted that there has been some problems with his Heritage Harbor community having network access problems following the Creative update.

The Macrium Reflect presentation was followed by a members discussion of Microsoft's Windows Creators operating system update. Bob noted that in his opinion the Creators update provides little new features of useful benefit.

Dan Lee then discussed Future Meetings:

May 4 Neil Blomberg,

May 20, No guest speaker scheduled

June 1, Steve Deming of Microsoft

Dave Hackenberg noted that Microsoft Office 2016 is going to be installed on the classroom computers and that classes on Microsoft Word are scheduled. Dave also noted that John Jones is retiring from teaching computer classes.

There was a discussion on just what are the "PUPs" (Potentially Unwanted Programs) that are found and made deletable by anti-malware apps such as Malwarebytes.

Bob Rapczynski brought his laptop to the meeting showing a problem with the Creator update. After he installed the Creator update the laptop would no longer open Windows.

There was a discussion about issues with uninstalling AVG anti-malware application.
