Bowie Seniors Computer Club

Meeting Minutes

Date: May 2, 2024

Location: Bowie Senior Center, Computer Classroom

Attendance:
The were 13 attendees.

Announcements:
- The city has still not announced a replacement for Laurel Ramond.
- Bill Macri is scheduled to give a seminar June 25 entitled "Introduction to Computer Technology – Hardware and Software."

Presentations:
- Bob Blum gave a presentation on how to develop a website using several different tools. He further explained his continuing work to improve the club's website with its many features.

Discussion:
- Mary McCarthy inquired about downloading music to attach to a PowerPoint presentation she is doing for her photography class. Many different sites were suggested that offered free downloads that could be used.
- Irv Salzberg mentioned that Microsoft was launching a new security feature that will replace passwords using "passkeys." (Post meeting info: here is a website that explains it. https://www.techradar.com/pro/security/microsoft-is-bringing-passkeys-to-all-users)

Future Meeting:
- The next meeting will be at the Center on Thursday, June 6.
